SANTA CLAUS FOUND. Greatest Discovery of the Age. Wonderful discoveries in the world have been made Among other things where Santa Claus stayed Children oft ask if he makes goods or not. If really he lives in a mountain of mow. Last year an excursion sailed clear to the Pele And suddonly dropped into what sweined like shole Whore wonder of wonders they found a new land, while fairy-like beings appeared on each hand. There were mountains like ours, with mare beautiful green.

beautiful green,
And far brighter skies than ever were seen,
Birds with the hues of a rainbow were found,
While flowers of exquisite fragrance were grow ing around.

Not long were they left to wonder in doub:
A being soon came they had heard much about,
Twas Santa Claus' self and this they all say, Twas sants claus seri and this they all y.

le isoked like the picture's esse every day.

He drove up a team that looked very queer,

Twas a team of grasshoppers instead of reindeer,

He rode in a shell instead of a sizigh,

But he took them on board and drove them

way.

He showed them all over his wonderful realm,
And factories making goods for women and men
Furriers were working on hats great and small,
To Bunce's they mid they were sending them all.
Kris Kingle, the Glove Maker, told them at once,
All our Gloves we are sending to Bunce,
Santa showed them suspenders and many things

Saying I also took these to friend Bunce's stere.
Saying I also took these to friend Bunce's stere.
Saying I also took these to friend Bunce's stere.
Santa Claus then whispered a secret be'd tell.
As in Ounha every one knew Bunce well,
He therefore should send his goods to his eare,
Knowing his friends will get their full share.
Now remember ye dwellers in Omaha town,
All who want presents to Bunce's go round,
For shirts, collars, or gloves great and small,
Send your sister or sunt one and all.

MRS K. 18H, Agent for Nebrasia.

TO NEBRASKA FARMERS. ALL TO ORGANIZE A STATE FARMERS

To the Farmers of Nebraska, the Melray Farmers' Club, of Melroy, Gage county, reads greeting: Believing that the interests of the farmers of Nebraska and of the northwest imperatively demend that they should organize for their own protection, and to the end that they may assume their own proper share of the powers of the state, and not be compelled to bear more than their proper share of its burdens, the Melroy Farmers' club hereby invite and ear-nestly request every Farmers' club, agricultural society and grange in the state to send delegates to Lincoln on Wednesday, the 5th day of January, 1881, for the purpose of organizing a State Farmers alliance, to enable us to seeure the above ends, and to cooperate with similar bodies in other states, and with the national alliance, to secure national legislation in furtherance of the same ends.

Cheaper transportation for our large and increasing surplus products, and lower local rates, are essential not only to our continued presperity, but to enable us to elevate ourselves above the position of mere serfs who are compelled to contribute an undue share of the products of our labor to the maintenance of already overgrown monopolies, which we now occupy. We impeach those monopolies of aggrandizing themselves at the exuse of the prosperity of the people. By extortionate and unreasonable charges for transportation.

By discrimination in local rates, and against non-competing points, by which wholesale houses are prevented from being established at business centers, and anufacturers are driven terminal points, thus preventing industry from being diversified among us, depriving us of home markets, and compelling us to remain shippers of raw products to remote points-to remain in poverty caters to common carriers, and feeders of manufacturers

and labors outside our borders; By pooling their receipts at competing points, thus depriving us of the legitimate fruits of competition; By means of watered stock, creating an immense volume of fictitious espital, based upon no real value, upon which to extort freight charges and predicate dividends.

By combinations to suddenly and needlessly advance rates at times favorable to themselves, thus arbitrarily diminishing the value of farm produets in farmers' hands millions of

By the payment to the presidents of these corporations of enormous salaries, which destroys the proper balance between labor and capital and stimulates dangerous communistic tendencies in the minds of the poorer classes, which salaries are only made possible by absorbing an unjust share of the products of our farms in

their transportation. By undue influence upon the legislative power diminishing taxation on man. corporate property, and obtaining laws unjustly favorable to corporate bears."

tions of corporate interests evolving a power, conceutrated in the hands of a few men, who have no ambitions but self-aggrandizement, and no straints within the possible limits of commer within the possible limits of commer within the possible limits of commer cial achievement, which is not only compared as a better class of literature before them."

The nations of the world, with our vessels of 634,292 gross tons, or a little cust than a tenth of the world, with our visit and the nations of the world, with our vessels of 634,292 gross tons, or a little cust than a tenth of the world, with our visit and the world, with the world, with our visit and the world, with the world dangerous to the liberties of the peo-

of the republic itself. of the republic itself.

There is no evil without a remedy, and the farmers of Nebraska, seeing the remedy. Whatever the final measures to be adopted may be, the first great duty is to organize! organize! organize! Without organization, is of the public itself.

Sometiment of Nebraska, seeing the remedy. Whatever the final measures to be adopted may be, the first great duty is to organize! organize! organize! Without organization, is of two grown sons. I sont 'em to form the year 29 steamers of 33,000 tons, while France built 43 steamers of 67,151 tons. Greece is the power whose steam mark a has increased most rapidly. In 1875 she had nine stoamers of 5329 tons; in 1879, 13 steamers of 8870 tons, and is of the year 29 steamers of 33,000 tons, while France built 43 steamers of 67,151 tons. Greece is the power whose steam mark a has increased most rapidly. In 1875 she had nine stoamers of 5329 tons; in 1879, 13 steamers of 8870 tons, and in 1880, 20 steamers of 14,237 tons.
